CLIENT TESTIMONIALS

"For more than a year, PearlQuest's books were in doldrums, they were somehow arranged in an elusive excel sheet. Although after 50, projects – small and big, things sure were messy. When I approached IFC Group, you solved our 15-month backlog with ease and certainty. And now, the system of saving receipts on Dropbox, and your team entering those 'immediately', is just remarkable. It has made our company very productive and marching forward with confidence. The focus you (Pramod Dhalwani – CEO of IFC) bring on process allows us to establish clear workflows and procedures that ensure effective oversight while simultaneously streamlining operations. I'd recommend IFC Group & you, Mr. Pramod Dhalwani to any business looking for effective accounting, bookkeeping, and even higher level financial assistance for maintaining operations and supporting growth."
